

Call for Papers

SCC 2017
February 6-8, 2017
Hamburg, Germany

**11th International ITG Conference on
Systems, Communications and Coding**

SCC 2017 is organized by the Information Technology Society (ITG) of the Association for Electrical, Electronic and Information Technologies (VDE) in technical co-sponsorship of IEEE.

General Chair:

Gerhard Bauch, Hamburg University of Technology

Technical Program Committee Chair:

Anja Klein, Technische Universität Darmstadt

Technical Program Committee Members:

Gerhard Bauch, Hamburg University of Technology
Holger Boche, Technische Universität München
Helmut Bölcskei, ETH Zurich, Switzerland
Martin Bossert, University of Ulm
Armin Dekorsy, University of Bremen
Giuseppe Durisi, Chalmers University, Sweden
Khaled Fazel, Rohde & Schwarz, Stuttgart
Gerhard Fettweis, Dresden University of Technology
Robert F. H. Fischer, University of Ulm
Norbert Görtz, Vienna University of Technology, Austria
Christoph Günther, DLR Oberpfaffenhofen
Bertram Gunzelmann, Intel Mobile, Munich
Thomas Haustein, Fraunhofer Heinrich Hertz Institute, Berlin
Johannes Huber, University of Erlangen-Nuremberg
Markku Juntti, University of Oulu, Finland
Anja Klein, Technische Universität Darmstadt
Gerhard Kramer, Technische Universität München
Volker Kühn, University of Rostock
Paul J. Kühn, University of Stuttgart
Berthold Lankl, Universität der Bundeswehr München
Michael Lentmaier, Lund University, Sweden
Rudolf Mathar, RWTH Aachen
Michael Meyer, Ericsson, Herzogenrath
Matthias Narroschke, Viscoda GmbH, Hannover
Tobias Oechtering, KTH Royal Institute of Technology, Sweden
Stephan Pfletschinger, Hochschule Offenburg
Peter Rost, Nokia Networks, Munich
Christoph Ruland, University of Siegen
Robert Schober, University of Erlangen-Nuremberg
Hans Schotten, University of Kaiserslautern
Stephan ten Brink, University of Stuttgart
Wolfgang Utschick, Technische Universität München
Peter Winzer, Alcatel-Lucent, Bell-Labs, USA
Dirk Wübben, University of Bremen
Henk Wymeersch, Chalmers University, Sweden
Alejandro Zelnierunas, Innovendis, Solingen

For further information please contact

Gerhard Bauch, Hamburg University of Technology
scc2017@tuhh.de

ITG Office: itg@vde.com

SCC aims at bridging the gap between theory and applications as well as between various communities in the field of communications. Therefore, we encourage contributions from both academia and industry. We invite theoretical work as well as applied research in various fields of communications including but not limited to

- wireless communications
- optical communications
- satellite communications
- short-range communication
- sensor networks
- self-organizing networks
- car-to-car communication
- industrial radio
- navigation

Topics of interest include but are not limited to:

- information theory
- source coding
- channel coding and modulation
- cryptography and security
- MIMO systems, in particular massive MIMO
- multiple access, in particular non-orthogonal multiple access
- cooperative communication and network coding
- interference handling
- resource management
- compressed Sensing
- synchronization
- navigation and positioning

There will be oral presentations and posters.

Submission of Papers

Prospective authors are invited to submit full-length, six-page papers, including figures and references, in English electronically via <http://edas.info/N21828>

Important Deadlines

Deadline for paper submission August 1, 2016

Notification of Acceptance October 25, 2016

Camera-ready Papers November 25, 2016

Please note that a full registration by **November 30, 2016** is required for each accepted paper in order to include the contribution in the proceedings and in IEEE Xplore.

Tutorials (included in registration) will be organized on the afternoon of February 6, 2017.

For further details see: **www.scc2017.net**
